

Back to the Beginning

“In the beginning, God...” These words may be the most important in all the Bible as they establish that before anything ever was, there was God. This one fact lays the foundation for the rest of Scripture in that God’s existence establishes that there is a Creator and we are not products of random chance or natural processes. The book of Genesis along with other select passages show us who God is and that Jesus is the Creator and Sustainer of all things and He alone is worthy of worship. It also shows us who we are, that we are made in God’s image, yet because of the Fall, we are sinners in need of a Savior that Jesus alone has the power to save.
